Hi,

I will be glad to generate new Certs for theses Lab numbers. My only concern is the new certs will have a different notary date and the Lab Supervisor will need to sign for Kate Corbett. I do not know if this will pose a problem with d/c.

Is it possible to ask Sgt Hannon if he has the original Certs with the drugs? We try to avoid generating new one unless they have been lost or their is a change to the cert.

Let me know the status and I will prepare new ones for you.

Sorry for the inconvenience.

Subject: drug cert

Hi Annie:

I have a case where I am missing two drug certs (I may have misplaced them or the officer never brought them to me).

The defendants names are [REDACTED]

Lab #s I'm missing are [REDACTED] I have the others.

If you could fax or email those to me that would be a big help.

I am mailing out a summons for trial on this case in Norfolk Superior September 13. It may very well proceed to trial on both of them because I'm not dismissing the school zone charges.

Thanks

Keith
